we are the Starry Eyed.

WE ARE SPREADING KINDNESS one letter at a time because

and voila, someone's day is made.

Will you write a letter of your own and leave it for a stranger to find? All you have to do is grab some paper, take a moment to think about what the person who finds it needs to hear and then write. Leave it in a public place

CAN WE ASK YOU A FAVOR?

that we are in this together.

We are the starry eyed, a tribe of people who have chosen to add kindness to the world via paper and handwriting, because we all need reminders

your day and reminded you that kindness is all around you.

IT IS NO ACCIDENT THAT YOU FOUND THIS LETTER. It was meant for you and couldn't have happened any other way. We hope it brightened
