

Dear Pastor/Pastoral Team,

Greetings from MOPS International!

We are so glad you found our Mother's Day Kit. We know that the day after Easter can leave you exhausted and nowhere near ready to think about the next holiday to celebrate at your church, but Mother's Day is a great opportunity to build relationships with visitors from Easter and turn visitors into active participants in your church and followers of Jesus. Our vision at MOPS is to resource the local church to reach the families in your communities. That's where this Kit comes in.

MOPS believes that moms are world influencers and we're here to encourage and equip them to live out their best lives. We love partnering with pastors and church leaders who have the same heart to lead moms and families to Jesus. But this is no easy feat – that's why we put together a Mother's Day Kit to help you with all-things mom. We've taken care of it, so you're ready for the big day with:

- An encouraging and funny tribute video to mom that you can share Sunday morning and on social media
- A stylish gift for mom to display in her home
- Meaningful Sunday school activities for the kiddos to craft something special for their mommas
- Mom-inspired devotional ideas

This is our gift to you – absolutely free, no strings attached. Use as much and whatever you want from the resources we've put together for you. We want to show you that we believe in the work you do each and every day to touch lives and move people closer to Jesus. We want to be a part of the way your church empowers moms to be the best moms they can be.

Let's work together this Mother's Day to celebrate the incredible influence moms have all around the world and remind them just how amazing we think they are.

With this material, we hope to help you to honor the moms in your community.

Warmly,

MOPS

P.S. If you are unfamiliar with MOPS but like the idea of connecting with your community, please give us a call at 888.910.6677 or send a message to reachyoungfamilies@mops.org. Be sure to mention this letter to take advantage of a special offer.
